SDF / PATTERN & TEXTURE

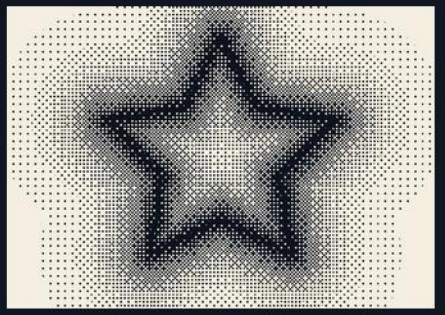

Original mathematical previews · numbers match the research catalogue

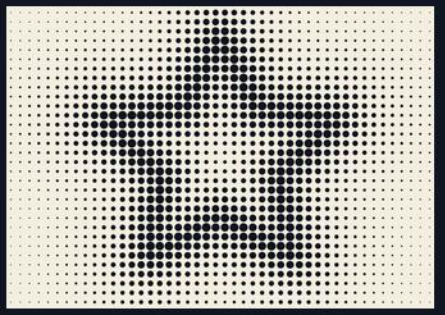

24 Angular dashes

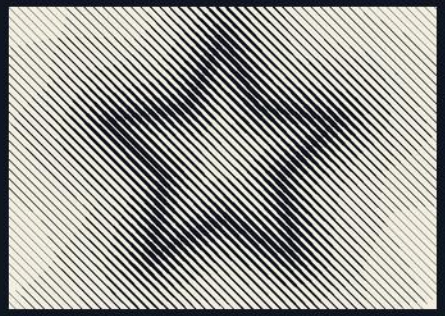

25 Stipple density

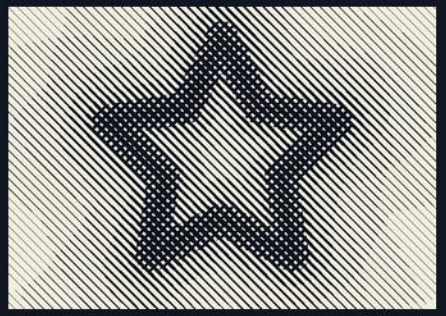

26 Ordered dithering

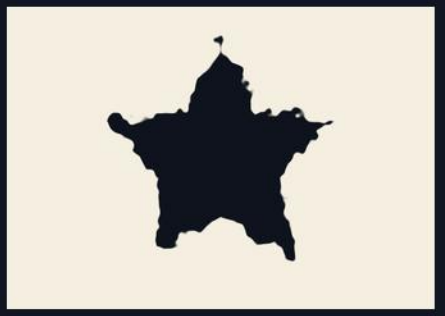

27 Halftone dots

28 Hatching

29 Crosshatching

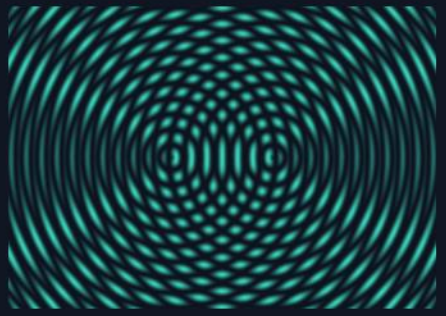

30 Noisy boundary

31 Burn / dissolve

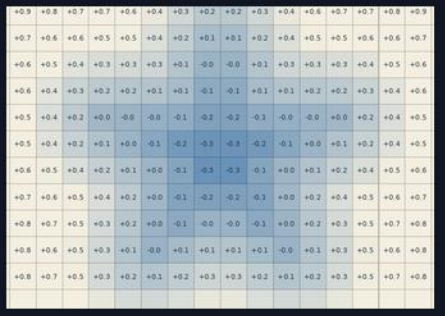

32 Textured border

49 Two-field interference

50 Nearest-shape regions

55 Numeric sample grid

Same exact polygon SDF, except the two-field studies 49–50. Illustrations, not GPU performance tests.
